SIMON-TRANS LTD.

Shipping Solutions with Simon-Trans Ltd.

FREIGHT FORWARDING SERVICES

Simon
www.simontrans.hu

- ✓ Full support for EU market access
- ✓ Air, sea, rail and road freight forwarding
- ✓ Fast shipping, FCL, LCL solutions – Up to 30–35 days shipping to Europe
- ✓ Direct road transport – fast delivery to the destination partner with trucks

FREIGHT FORWARDING BY SEA

Simon
www.simontrans.hu

Thanks to our extensive network of agents, we also handle Less than Container Load (LCL) and Full Container Load (FCL) containers and special solutions, from any location in the world to any other location in the world. It does not matter if the shipment is heavy or dangerous, or requires cooling, we can handle anything.

FREIGHT FORWARDING BY RAIL

Simon
www.simontrans.hu

Our railway services have been continuous in recent years, with no stopping regarding these services. This is because the FCL and LCL container shipments are transported with excellent transit times through Poland to Budapest.

If your shipment is more urgent than a transport by sea, but not as urgent as transport by air, you should ask for a quote for rail transport.

FREIGHT FORWARDING BY AIR

Simon
www.simontrans.hu

In the case of import and export by air, we can provide full-scope door-to-door delivery services including pick-up, customs clearance, storage, packaging and all other necessary tasks. Depending on the services requested, we choose the route, airline and subcontractor partners that are the most ideal for the client and the goods. We can also organise charter flights or transport by on-board courier, if needed. You can also track the current status of the goods online and with the help of our dedicated administrators.

FREIGHT FORWARDING BY ROAD

Simon
www.simontrans.hu

For road shipments, we can provide our customers with tarpaulin, box, refrigerated, open, deep cradle, container transport and KCR (truck loader crane) bodies. We organise road transports to all countries in Europe providing full customs clearance services and cargo insurance, if required, as well as storage services. Our colleagues are available 24/7
